Services

As a beginner, here's what I can help with while I continue to learn and grow.

Data Entry & Documentation

Accurate data entry, spreadsheet management, and documentation services.

Basic Data Analysis

Simple data cleaning, sorting, and analysis using Excel and basic Python.

Presentation Design

Creating visually appealing presentations for academic and professional use.

Basic Web Pages

Simple static web pages using HTML, CSS, and beginner-level tools.

Skills

A snapshot of where I currently stand — always learning, always growing.

Get In Touch

Feel free to reach out for collaborations, project work, or just to say hello!
